AutoDoor™ Opener

Automatic Door Opener for Washrooms

Complete the Touch-Free Washroom experience with the AutoDoor Opener. AutoDoor automates virtually any new or existing non-latching washroom door. The system enhances the overall image of a washroom by eliminating a point of cross-contamination, providing ADA compliance, and delivering user friendly & reliable automation. *Patrons no longer need to use towels, tissues, or shirtsleeves when opening the door!* The AutoDoor's sleek, compact design effortlessly automates an otherwise manual door.

User-Friendly Performance...

Proven advanced sensors guarantees activation the first time, every time.

- Battery Back-up
- Door can still be opened easily by hand

Improved Health and Wellness...

AutoDoor™ Opener eliminates the final point of cross-contamination, providing patrons with a truly touchless washroom environment.

Cost Effective Performance...

Economically effective system that reduces excessive paper towel and tissue usage and associated clean up.

Code Compliant...

- ADA – AutoDoor™ Opener complies with ADA requirements.
- Safety – Stops movement at 15lbf.

Flexible Installation...

Easily adapts to new or existing washroom door's.

- Add optional entrance sensor to automate opening entering the washroom.
- Adjustable door closing speed—controlled by existing door closer.

The AutoDoor Opener is just one component of the TC® Touch-Free Washroom experience. For maximum cost-effectiveness and ultimate customer delight, use the entire TC® automated hygiene system bundle.

AutoDoor™ Opener

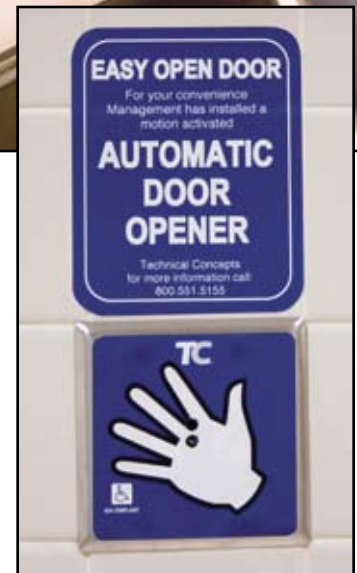

Stock# Description
